您设计这个教具的原因是什么? What is the purpose of designing this material?
Help teach the children to read quickly though learning the alphabet sounds in a practical way with CVC words that are followed up by CVC reading Books.

The child enjoyed the presentation. They enjoyed how quickly they went from theory to practice.
您下次演示这个教具, 会做改进吗? 为什么? Will you make any improvements the next time you present the material? Why?

通过观察孩子使用教具后: After observing the child using this material: 教具是否便于从教具柜上取放? Is the material easy to remove from and put back on the shelf?

It is perfect.

观察与记录 OBSERVATION AND RECORD-KEEPING	
<p>观察重点或观察主题: Focus or Subject of the Observation</p> <p>(您具体观察的是什么? 比如: 一个特定的孩子, 孩子之间的社交互动, 孩子与父母, 孩子和另一个成年人之间的互动, 孩子对教具的使用, 教室中的流动性等等。主题的可能性是无穷无尽的! 然而, 当我们观察时, 最好观察一个特定的行为、活动或需要回答的问题, 以便让我们的观察更加集中。)</p> <p>(What specifically are you observing, i.e., a specific child, a social interaction between children, an interaction between a child and their parent, a child and another adult, the child's use of a material, the flow of the classroom, etc. The possibilities are endless! However, when we observe it is best to have a particular behavior, activity, or question to be answered in order to focus our observations.)</p>	
Pouring Water	
<p>记录 Recording:</p> <p>(写下您所看到和听到的内容。确保自己写下的内容是客观的。主观臆断和个人意见不能掺入在观察中。准确描述您所听到或看到的内容, 比如说: “Sam 笑了”, 而不是“Sam 看起来很开心”。根据需要可以添加附页。)</p> <p>(Write down what you see and hear. Be sure that you are being objective in your writing. Judgments and opinions are not to be interjected into your observations. Describe exactly what you hear or see i.e. “Sam laughed” instead of “Sam seemed happy.” Use additional paper as is needed.)</p>	
<p>Oscar was very focused on what he was doing. For a child who is usually all over the place today he was intently set on achieving his task. Yesterday I showed him how to pour water, simply from jug to jug. Not only that but we've been practicing walking in the circle, heel to toe. He has been taking great joy in being awarded a plastic piece of fruit on his head for walking nicely. His whole persona seems to be changing. Now he is intently focused on carrying the material tray from the shelf to the table. After that he very carefully, making sure not to spill a single drop started to pour. When he did spill a little he was sure to tidy up.</p>	
<p>分析 Analysis:</p> <p>(您认为正在发生了什么?) (What do you think is occurring?):</p> <p>Oscar is developing a sense of physical control and self control.</p>	

Oscar is developing a sense of pride in what he's doing. He's taking pride in himself and his accomplishments. His physical development and mental development is doing very well. He was pretty wild when he arrived over six months ago and now he's taking pride in his own personal self control.
