

Chip and the Fish

Focus: Digraphs: sh, ch, th

Chip is a little chipmunk. He lives by the pond with the fish.

One day, Chip saw a big fish splash in the water.

"That fish can swim so fast!" said Chip. "I wish I could swim with the fish."

The fish said, "You can not swim, Chip. But you can run on the path and chat with us!"

Chip sat on a rock and they had a long chat. The fish told Chip about the shells at the bottom.

"Thank you for the chat," said Chip. "You are the best fish!"

From that day on, Chip and the fish were the best of friends.
