

The Bee in the Tree

Focus: Vowel teams: ee, ea, ai, oa, oo

A little bee named Lee lived in a tree.

Each day, Lee would fly to the meadow to see the flowers. He loved the sweet smell of each bloom.

One day, it started to rain. "Oh no!" said Lee. "I need to wait in my tree."

Lee flew back to his cozy home. He looked out at the rain and ate some honey.

Soon the rain stopped. A rainbow appeared in the sky!

"Hooray!" said Lee. "Now I can fly to the meadow again!"

Lee zoomed out to see the flowers. The raindrops made each petal gleam and glow.

"This is the best day!" said Lee. And he danced from bloom to bloom until the moon came out.
