1. Take a work mat off the shelf and fill every gap with tabs from the tin.
2. Read the word back, touching the tabs as you go.
3. Find the sound in this book. Write each word on the line beside its picture.
4. The lines under the pictures are yours: write any other word you know with that sound in it.
5. Check the control mat, then put the mat and the tin away.

The green half of the fore edge is the digraphs and the blue half is the blends, in the order the work mats come off the shelf.
